Breaking the Cycle of Anxiety

Fall Sessions September—December 2019

These **free sessions** are intended to provide parents, caregivers, teachers, and community members with basic information about addiction and mental health challenges that can impact children and youth. Presentations are hosted in schools but are open to all adults to attend.

A Step by Step Approach

*Focus is on caregivers of kids and teens
(Grades K-12)*

Anxiety is one of the most common mental health complaints in children and teens today. This session will distinguish between normal anxiety and anxiety that is no longer helpful or productive. It will help caregivers to identify signs that a child or adolescent is experiencing problems with anxiety. Caregivers will gain step by step strategies to assist their child/teen to manage their anxiety and improve their mental health. Resources for parents will be provided as well as tools designed to reduce anxiety.

Technology and the Teenage Brain

Fall Sessions September—December 2019

These **free sessions** are intended to provide parents, caregivers, teachers, and community members with basic information about addiction and mental health challenges that can impact children and youth. Presentations are hosted in schools but are open to all adults to attend.

Supporting the Digital Wellbeing of Families

This session is for caregivers and teens together (Grades 7-12).

Technology is a huge part of our children's lives—and a common concern for most parents who are learning how to keep up in an ever changing world. Social media, video gaming, internet use and cell phones may already be topics of debate within your family. Come together to learn how this modern use of technology can impact the developing teenage brain. This session will review some of the risks but also the benefits of technology. Parents and teens will learn ways to stay safe and balanced in the use of technology to better support positive mental health.

Supporting Self-Regulation in Elementary School Children

Fall Sessions September—December 2019

These **free sessions** are intended to provide parents, caregivers, teachers, and community members with basic information about addiction and mental health challenges that can impact children and youth. Presentations are hosted in schools but are open to all adults to attend.

Focus is on caregivers of kids in elementary school (Grades K-6).

Do you wish you have more information to help children handle strong emotions? Did you know that self-regulation is an essential element to lifelong success? This session will define self-regulation and how it is used in everyday life. It will provide a helpful review regarding the development of self-regulation in children. The strategies and resources provided will empower and foster caregivers' essential skills to increase children's mental health and resiliency.

Parenting Strategies that Promote Positive Mental Health

Fall Sessions September—December 2019

These **free sessions** are intended to provide parents, caregivers, teachers, and community members with basic information about addiction and mental health challenges that can impact children and youth. Presentations are hosted in schools but are open to all adults to attend.

Building Resiliency in Elementary School Children

Focus is on caregivers of kids in elementary school (Grades K-6).

Approximately 1 in 5 Canadian children are affected by a mental health issue. Explore factors that contribute to mental health and wellness, and learn how you can be your child's greatest mental health asset by using strategies that promote their mental health and wellness. Learn about the different types of stress and how some stress can be helpful in building children's resiliency and future success.

More than Just a Bad Day

Fall Sessions September—December 2019

These **free sessions** are intended to provide parents, caregivers, teachers, and community members with basic information about addiction and mental health challenges that can impact children and youth. Presentations are hosted in schools but are open to all adults to attend.

Understanding and Supporting Youth with Depression and Self-Injury

Focus is on caregivers of teens. (Grades 7-12)

This session will help caregivers increase awareness about adolescents who might be experiencing sadness, depression, and intentionally injuring themselves. We will explore factors that contribute to depression and the motivation behind self-injurious behavior. Caregivers will learn about treatment options for depression as well as strategies to help support youth who may be engaging in self-injury.

Mindfulness

Fall Sessions September—December 2019

These **free sessions** are intended to provide parents, caregivers, teachers, and community members with basic information about addiction and mental health challenges that can impact children and youth. Presentations are hosted in schools but are open to all adults to attend.

Benefits for the Whole Family

*Focus is on caregivers of children and teens.
(Grades K-12).*

Have you heard about mindfulness? Interest in mindfulness is growing rapidly in schools, communities, and in health-care settings as an evidence-based way of promoting wellness in children, teens, and adults. It can build empathy and optimism in kids, and enhance school performance by supporting the development of executive function (e.g. attention) and self-regulation skills. Caregivers will learn activities the whole family can use to reduce stress and enhance wellbeing.

Supporting Children and Adolescents with ADHD

Focus is on caregivers of kids and teens (Grades K-12).

Attention Deficit Hyperactivity Disorder (ADHD) is one of the most common mental health conditions diagnosed in children. Come and learn about the signs and symptoms of ADHD, ways that ADHD impacts academic achievement, self-worth, and relationships. You will leave with new strategies (not solutions) and resources for supporting success in children as adolescents with ADHD.
