Returning Student Registration for 2020-21

Elk Island Public Schools (EIPS) will once again conduct an online returning student registration process to confirm student registrations for the 2020-21 school year. Families of all returning students must complete the process to confirm the school their child plans to attend in the 2020-21 school year. Additionally, students who want to attend a non-designated school need to make that request through the returning student registration process—acceptance is based on available space. The 2020-21 returning student registration takes place Feb. 1-29, 2020.

Access to the Returning Student Registration Form is provided through the [PowerSchool Parent Portal](#). If you don't have a PowerSchool Parent Portal account, please set one up before February 1, 2020.
