Returning Student Registration for 2020-21

Ardrossan Junior Senior High School and Elk Island Public Schools (EIPS) will once again conduct an online returning student registration process to confirm student registrations for the 2020-21 school year. Families of all returning students must complete the process to confirm the school their child plans to attend in the 2020-21 school year. Additionally, students who want to attend a non-designated school need to make that request through the returning student registration process— acceptance is based on available space. The 2020-21 returning student registration takes place February 1-29, 2020.

Access to the Returning Student Registration Form is provided through the [PowerSchool Parent Portal](#). If you don't have a PowerSchool Parent Portal account, please set one up.

Hello Parents/Guardians of Ardrossan Jr. Sr. High:

As an annual check-up on the education system, the Accountability Pillar provides an opportunity for Alberta Education and school authorities to ensure that we are equipping students for success.

The Accountability Pillar uses a set of 16 indicators. Data on these indicators consists of surveys of students, parents and teachers on various aspects of education quality, student outcomes such as dropout and high school completion rates, and provincial assessments of student learning.

From January to the end of February, Alberta Education will be conducting the annual Accountability Pillar Survey.

- In January, parents of students in grades 7 and 10 will receive a survey from Alberta Education.
- In February, students in grades 7 and 10 and all teachers will be completing their surveys online at school.

All surveys are anonymous and ask questions about experiences with your school. In addition to English and French, the parent survey is available in Chinese, Punjabi, Arabic, Blackfoot, Dene, Cree, Korean, Spanish, Tagalog and Urdu.

Your participation in the survey helps provide important information on the quality of education your child is receiving, so we encourage you to return your survey promptly.

Survey results will be available to school authorities in May, and will be reported publicly as part of their 3-Year Education Plans and Annual Education Results Reports.

Thank you for your participation.
