Update Your PowerSchool Information

The “Correction and Verification Form” is now available online through your PowerSchool Parent Portal. Families can use the form to access and update their child’s information—including address, parent and guardian information, emergency contacts and any medical information. Reviewing and updating the form ensures the school has the most up-to-date information regarding your child. In particular, please pay close attention to all phone numbers, email addresses and emergency contact information. We will undoubtedly continue to have important information to communicate with families throughout this school year—whether your child is registered in in-school or out-of-school learning—and we want to ensure you receive this information. If you haven’t already done so, we ask all Ardrossan Junior Senior High families to review their child’s PowerSchool information by **Sept. 20, 2020**.

For more information about the PowerSchool Correction and Verification Form, contact the school directly.

World Suicide Prevention Day

September 10th was World Suicide Prevention Day. The power of coming together and reaching out to each other is immeasurable and can save lives. Taking a moment to reach out to someone – a close family member, a friend or even a stranger – can change the course of their life.

If someone you know is struggling...

1. Check in with them regularly; see how they are doing.
2. Listen supportively to what they have to say.
3. Remember that you don’t have to have all the answers.
4. Introduce them to local resources if they need additional support such as the Distress Line at 780-482-4357 or Family and Community Services at 780-464-4044.
